

Fraser Anning and Leon Ashby will be flying around and showing contour maps of 3 proposed water diversion schemes

1 - Bradfield (Hells Gate to Muttaborra & Aramac) via Pentland

2 - Walsh, Tate, Einasleigh, Gilbert Rivers diverted to Richmond

3 - Extension of Burdekin Dam (5 x current volume)

It will be the first explanation of how 3 times the amount of water that is used for irrigation in the Murray Darling System could be diverted and or stored in North Qld.

The MDB system has 10,000 GL irrigation which produces \$22 billion per year.

North Qld could look to have 30,000 GL irrigate approx 3,000,000 Ha of land extra.

We believe in excess of \$50 Billion could be generated each year from these diversion systems

There are numerous dam sites and places where irrigation farms can be set up.

We look forward to hearing what locals in each area would like to see built and where they believe it can be the best benefit.

Meeting dates

Mon 4th March -

Lake Dunn 1:15 pm &

Charters Towers RSL 7 pm

Wed 6th March

Federal hotel, Richmond 6 pm

7th March

North Gregory Hotel, Winton 9.30 am,

Leon Ashby`s trip around North Qld to explain water diversion options
4th - 9th March | 2

Exchange hotel, Muttaborra 1pm,

Barcoo hotel, Blackall 7 pm

8th March

Corones hotel, Charleville 9.30 am,

Cobb & Co Hotel, St George 1.30 pm,

Club hotel, Roma 6 pm

9th March

Club Hotel, Chinchilla 9.30 am,

Commercial Hotel, Kingaroy 1 pm
